## Tanis makes a stirring return with *Losing My Mind*.

Our weekend favorite is “Losing My Mind” due to Tanis’ soft voice that cushions our ears, caresses our senses and hits home with its environmental message. Responsible for the hit success “Ce N’est Pas Moi” (Its Not Me), Tanis is a woman of the world (her mother a top model from Singapore model and her father French) and stands out like a lighthouse shining in today’s storm!
